

Are you a **COLLEGE STUDENT?** Here's what you need to know about voting in New Hampshire.

College students can vote in New Hampshire just like anyone else.

Here are the only requirements:

- You must be a US citizen
- You must be 18 years or older on or before Election day
- You must be *domiciled* in New Hampshire.
“Domicile” is just a fancy word for *live* - you are domiciled where you choose to lay your head at night and where you choose to be part of the community.

If you meet these, you can vote in New Hampshire. Visit www.VoteInNH.org to make a plan to vote - by requesting your absentee ballot, finding your polling location, or registering.

Given how uncertain and different this year may be due to the pandemic, here is some more detailed info about what to do in certain situations:

What if my campus is remote in the fall, can I still vote?

If you were physically present in New Hampshire and made it your civic home, it remains your home until you make a new place your home. That means that students who are sheltering away from New Hampshire because of COVID-19 and intend to return are still considered to live here for voting purposes.

BUT if you have never lived in New Hampshire, you can't vote here, even if you are enrolled in a New Hampshire school. You need to have previously established a physical presence in NH and made it your home.

I don't know what my address will be when I come back to campus. What should I put down for my address when I apply for an absentee ballot?

You'll want to put down the last place you physically lived in New Hampshire (P.O. boxes don't work for this!). You can provide a different mailing address (where you're living now while temporarily away from New Hampshire) for where they should send your ballot.

Do I need a license or a car registration to vote?

You do NOT need a driver's license in order to vote. You do not need to register a car to vote. Your license status has no effect whatsoever on your right to vote.
